

WE NOMINATE

Richard Allen Lester, hard-driving but soft-spoken chairman of Princeton University's Department of Economics and one of the articulate economists of his generation, who next Monday will be in the headlines once again as he testifies before the House Ways and Means Committee on proposals dealing with unemployment insurance under the 30-year old Social Security Act. It is the contention of Lester and some 30 other experts in social insurance and labor markets that the nation's unemployment insurance program "has steadily decreased in effectiveness as a means of stabilizing the economy and compensating jobless workers for part of their wage losses."

This month the 57-year old Lester, a native of Bladell, N. Y., has been the driving force in the preparation and release of a tightly written statement in which he is allied with four Princeton colleagues and representatives of 23 other universities in recommending four steps for the improvement of the Federal-State program of unemployment insurance. Seeking to establish a position independent of any special approach set forth by the Johnson Administration, they spoke as "individuals who have studied the role of unemployment in our economy" and not in support of particular bills under consideration.

Over the years Lester, a former President of Borough Council (1960) and an able Chairman of the Borough's Finance Committee, has developed the capacity of presenting abstruse economic matters in down-to-earth fashion and a reputation for speaking his mind. In the late 1950's, in appearing before a N. J. Senate Committee, he roasted a proposal in these words: "It rests on the false philosophy of the laggard who argued that he could never find the right time to fix the leaky roof because he couldn't do the repair job when it

was raining and, when it wasn't raining, the roof didn't leak."

Lester, for a decade Chairman of the N. J. Employment Security Council and Vice Chairman of the Commission on the Status of Women named by President Kennedy, has specialized in social insurance and labor economics ever since he began writing his Princeton doctoral thesis on unemployment relief and compensation in 1932. He helped draft the original New Jersey Unemployment Compensation Act and as early as 1934 had embarked upon a remarkable career as a consultant to government agencies, a listing which has included the National Planning Board, the War Production Board, Committee for Economic Development and the Wage Stabilization Board.

Called back to Princeton in 1945 after five years at Duke University, Lester, a member of the Yale Class of 1929 and a prize-winning author, has combined highly effective teaching and research with the chairmanship of his department and major roles in professional associations. He has traced the roots of unionism in Europe, has been acclaimed as a nominee for the U.S. Senate and has been referee, arbitrator and public panel member in numerous labor disputes, the best publicized of which have been the wrangles between the nation's railroads and the Railway Brotherhoods and the epic Airlines Controversy of 1961.

For ever seeking to provide insights into issues of public policy; for warning that scholars must keep abreast of developments unless they wish to find that their "mental equipment is as outmoded as the Model-T Ford"; for not hesitating to state in his areas of specialization that "remedial action along the lines we recommend has long been overdue"; he is our nominee as

WAR IS WITH US AGAIN
Area Men in Viet Nam. The American soldier is back on the battlefield. In the constant struggle to contain Communism and preserve the freedom of peoples around the world, the United States has committed over 70,000 troops to the swampy jungles of South Viet Nam, with upwards of another 70,000 scheduled to join them.

Already in action on Viet Nam are Marine and Army Divisions, Air Force flight and ground support crews, while the Navy is operating off shore. Among their ranks are numerous men from the Princeton area, contributing their efforts to the U.S. cause. Some from the community have returned following completion of service there, while others have been told to expect orders sending them into this constantly escalating struggle to determine the future of much of Asia.

Most of them enlisted after high school or college to complete their military obligation.

NOTE TO READERS

The accompanying story of Princeton area men now serving with the Armed Forces in Viet Nam is of probability not a complete list. Families and friends of service men are invited to send details to TOWN TOPICS — with pictures if available.

tions but a few have made the service a career. Those currently in Viet Nam are right where the action is — briefing navigators before bombing runs, patrolling defense perimeters and manning guided missile cruisers and aircraft carriers off shore.

At last report, almost all were fairly healthy, if a little underweight — but two had been wounded in action, one employed here. This is the story of their lives in today's hot war, and of the thoughts they express in their letters home.

PHS Alumnus With Air Force, Alumnus Second Class Thomas W. Edwin A. Toussaint, son of Mr. and Mrs. Edwin A. Toussaint, 1181 10th St., Princeton, has been in Viet Nam for about a month and a half. Stationed in Tan Son Nhut, he is an aircraft

VIEWSON VIETNAM: Campbell S. McClusky, currently in Viet Nam, has some definite opinions about the military and the Vietnamese. For his views and for information about other area residents serving there, see story this page.

mechanic and crew chief for a C-123 plane. He graduated from Princeton High School in 1963, and enlisted in the Air Force for four years. After attending various mechanics schools the last class at the last one, he volunteered for overseas duty, and listed Viet Nam duty as acceptable. A month later, he was on his way.

Alumnus Toussaint's letters home at first describe the war in almost matter-of-fact fashion: "Today the VC blew up the passenger terminal. It was one of these plastic time bombs. It was about 100 feet away when it went off. Luckily, it only injured 32 people."

Later on, his comments reveal increasing concern: "The VC are stepping up their bombings. They bombed a restaurant the other night and today they found two bombs on the base. They're tough people to cope with. We have many Vietnamese employed here and they estimate about 10 percent are communists."

In Service 23 Years. The feelings of Alumnus Toussaint are similar to those of a lieutenant colonel in the Air Force, Robert T. Mellinger, a former member of the administration of Princeton University who has been in uniform since a few weeks after Pearl Harbor and plans to retire

early next year. Colonel Mellinger is with the Second Air Division, providing instruction to U.S. and Vietnamese navigators before their bombing runs.

In a letter to friends in Princeton, he commented: "This is a very insidious type of war in which it is impossible to tell a North Viet from a South Viet unless he is shooting at you."

Specialist Five Campbell S. McClusky, 26, has been in Viet Nam much longer than most armed forces personnel. The son of Mrs. George McClusky, 406 Ewing Street, and the late Mr. McClusky, he arrived in February, 1964, as a translator assigned to Advisory Team 85.

A graduate of Princeton High and Oberlin College, Sp5 McClusky joined the Army in September, 1962, studied Vietnamese at the Army Language School, Monterey, Calif., and volunteered for Viet Nam. Assigned to the Bien Hoa Air Base, he was on the scene when the Viet Cong infiltrated the base, and blew up American planes.

"I was worried when I read about the explosions," said Mrs. McClusky, "fearing that some of the debris might have fallen on the barracks. Then, I received a letter from Cam saying he went up in a helicopter just after the explosions and took color slides of the damage with his camera."

"Got something in my eye," the customer said. "I feel like a boulder. How about taking it out?" He was hurting and wanted help then and there. The pharmacist remembered bearing about another man whose "something" turned out to be a steel splinter embedded in his eyeball. He advised him to see his physician. Prompt surgery saved his sight. So, we're careful. And if we sense overly cautious sometimes, remember—we're pharmacists, not physicians. We work with doctors, dispensing the drugs and medications they prescribe. "It's true, of course, that the

peoples are selfish, but I doubt
if there are any other
societies which permit them-selves to act against their
best self interest—because of
blind selfishness—so much of

time in Viet Nam on the
beaches near Chu Lai with adetachment of men, helping
to facilitate the movement of
troops and equipment from
ships to the shore. His unit
performed its duties so well
that on one occasion, he re-

ceived a letter of commenda-

tion from the commanding
officer of the Ninth Marine
Battalion.
Lieutenant Knowles arrived
in April, and had expected to
remain until the fall, but he
injured his knee jumping out
of a jeep, and was flown to
Okinawa for an operation. The
prospect of leaving Viet Nam
in this manner produced con-flicting feelings in him.
"But not on Cruikshanks."
"Everyone is joking, saying I
didn't have to go that far to
get out of Viet Nam," he
wrote his mother. "I guess
they all wish they were going.
I won't be sorry to leave here,
but I would have rather left
on my own two legs, and not
on crutches. At the present
moment, however, Lieutenant
Knowles is in a wheelchair
in Okinawa recovering from his
operation, and he expects to

Ban Student Driving

The Borough Board of Education has formally prohibited high school students from driving cars and other motor vehicles (including motorcycles) to school, effective this September.

Exceptions will be allowed for students with bona fide jobs immediately after school. Parents and employers will be asked to request the exception and certify to the necessity.

Students taking part in after-school sports will be granted an exception, upon written request of the parent, for the duration of the particular sport season.

The board stated Tuesday that its action is in accordance with the New Jersey Revised Statutes Section 18:14-50, and follows similar bans in effect elsewhere. Constantly increasing numbers of students driving to school, and the pending opening of the John Witherspoon Elementary school precipitated the matter.

THE DROUGHT IS STILL WITH US: Despite more rain in July than June, the land is still dry and the streams are merely shallow shadows of their once broad selves. Stony Brook (above) testifies to the fact that total precipitation during the last ten days has been four one-hundredths of an inch. (Staff Photo)

ough residents attend the board's monthly question-and-answer sessions on regionalization which follow the regular meeting. To accommodate the public, the next meeting on Tuesday, September 7, will be held in the "Family Living" room at the high school, and a full-scale public hearing is scheduled for September 28 in the high school auditorium.

Split Vote. The board voted 5-2 to adopt the Laschever committee report recommending that the regionalized board should decide upon the plan for distribution of Borough pupils. Those in favor were Dr. Harvey D. Rothberg, Thomas A. Moore, Dean Elmer E. Honnighausen, Dr. E. Frederick Laschever and Dr. Lively. Opposed: President Graham Rohrer and Mrs. Bernice Miller. Mrs. Sarah Strayer was absent. The report was adopted several weeks ago by the Township board.

Various plans studied during the past three years ("about 20 in all," Dr. Lively guessed) will be available to the public

next week in the school superintendents' offices.

"If you are going to have 'regionalization' of the schools," said Attorney Bryan V. Moore of 30 Quarry Street, a former board member, "you are going to have to give the citizens of the town something on where their children are going to school. If you are going to leave it up to some future board, I can't see it. This should be decided by the two present boards, otherwise the people of the Borough would be buying a pig in a poke."

Three of the four plans studied by his committee, Dr. Laschever stated, "desire to keep kindergarten through fifth grade at the new John Witherspoon School. This impressed the committee and probably will have the same effect on the new board."

"How are you coping with the junior high parents who would also like to have their children go to the John Witherspoon School?" inquired Mrs. Miller. Dr. Rohrer stated that is the responsibility of the new board.

"A Right to Know." "Quite the contrary," interposed Mr. Rohrer. "The parents have a right to know, and this board has the responsibility to give them a plan that this board recommends. . . . What are the people buying when they buy the Blue Book?"

"Here we have again your sticky use of the facts," Mr. Rohrer, said Dr. Lively. "In the Blue Book we, in our innocence, were only indicating the proof that no building—Continued on Page 4

For School Referendum. Gallup & Robinson predict heavy voting comparable to a presidential election year for the public referendum on regionalization of Borough and Township schools.

Borough school board member Robert A. Lively quoted the results of G&R's poll for the Friends of Education in Princeton at Tuesday's Board of Education meeting. He added, "G&R tells us we are going to have 2,000 people out in each school district. The referendum will be held Thursday, October 7. Increasing numbers of Bor-

would be necessary—that in the existing schools there is enough space. We really didn't anticipate that the allocation of pupils and space would be an issue.

The Latchover committee has reviewed about four or five plans that are possible. I would be perfectly in the most convenient school willing to commit this bond consistent with the above criteria the best plan, but this bond is not a plan to implement such a plan.

Dean Hunnighausen asked, Dean Hunnighausen said, Mrs. "Are we pledged to provide a better school?" "There is the one specific plan of integration to topic at every public meeting the voter." He was told "no" that the public comes back to Mr. Boller. "Then I am We have spent a great deal of for a statement of principles," time on it. Welch had entered his car outside the Playhouse, a man said in along side Mr. Welch and said, "Okay, Tom, give me the money." Mr. Welch replied, "I don't have any money."

Police said that according to Mr. Welch, when the robber, failed to notice any money bags lying on the front seat, he leaped out and ran down the would-be robber had a piece of material over his head which they believe was a ski mask.

Police quoted Mr. Knight as saying that, ordinarily, Mr. Welch would take the day's receipts to the bank's night deposit vault. However, because this particular day's so heavy, they did not finish counting Mr. Knight told his assistant to leave and that he would deposit the receipts.

"Whoever it was knew the routine of banking the deposits," said Lt. F. F. Maguire of the Borough police. "It's evident he knew Mr. Welch, too."

BAD CHECKS CASHED
At Bank, Shopper Center. Passers of worthless checks continue to ply their trade in Princeton.

On Saturday, persistence paid off for a man who managed to cash a worthless check on his third try at the Princeton Shopping Center. After being failed first at the Acme Market and then at Bamberger's, the enterprising "paperhanger" — police parlance for check passer — scored at Bob Lang's Appliance Store.

Joseph Russo, an employee at Lang's, told Township Police, the suspect entered the store about 12:45 and questioned him about buying a phonograph. He selected one worth \$19.98, Mr. Russo continued, and then produced a check for \$119 and his driver's license.

Thinking it was a payroll check, Mr. Russo told police he cashed it and handed the suspect the difference in cash. The check was drawn on the Dolphin Lounge, Inc., 374

Left Out
Charles S. Campbell of Atlantic Highlands, a shoe salesman, had reason to be dismayed last week when he visited Brophy's shoe store on Palmer Square. While he was inside, a thief stole two suitcases of sample shoes from the trunk of his car.

But the thief had even more reason to be dismayed. Every one of the sample shoes — 28 in all — was for the left foot.

Springfield Avenue, Newark. The license bore the name of Otis King, 169 Clifton Avenue, Newark.

Mr. Russo described the suspect as a Negro male, 6-0, with black hair, dark complexion.

Some fifteen minutes earlier, the suspect had approached Mrs. Catherine McNece at the service desk at Bamberger's department store, where he attempted to cash a check drawn on Alvin Motors for \$95.

Mrs. McNece told him she would first have to make sure she was able to cash the check and went into the back room. At that, she later recounted to police, the suspect fled. She reported he was wearing a brown suit, Panama hat and colored shirt.

In checking other stores, police determined that some five minutes earlier, the suspect had tried to cash the same \$99 check at the Acme Market. Store manager Anthony Grazzino told police a man answering the same description tried to cash such a check about 12:25. Mr. Grazzino related when he told the man he needed to have a check cashing card, the suspect said his mother had the card, took the check and left the store.

Bank Repeat Victim. Borough police received a report of a bad check on Thursday from the Princeton Bank and Trust Company. Police said between 5 and 7 p.m. on July 16, a man walked up to the outside teller's window in the foyer of the bank and cashed a check for \$82. The check, they said, had been made out on a blank check of the Princeton Bank and Trust, payable to a Bobby Jackson.

Later, in checking the account number, the bank discovered no such account. The clerk was unable to remember any identifying clues about the man, police said.

TWO CARS LEAVE ROAD. Early Sunday Morning, two cars left the highway early Sunday morning in separate accidents in the Township.

At 12:54, David Sloan, 33, Old Greenwich, Conn., told police he was driving on Roseclade Road and was drowsy

when he noticed an oncoming car whose lights indicated it was crowding the center lane. In averting to avoid a collision Mr. Sloan's car left the road.

It traveled 92 feet, side-swiped a telephone pole, traveled another 109 feet and side-swiped another pole and continued on for another 88 feet before coming to rest next to a large tree. The mishap took place near the Etti Farm driveway.

Mr. Sloan received laser-Correction on Page 6.

At 145 Erik N. Bach, 22, 190 Ewing Street, left the right side of the road at a sharp curve on Cherry Hill Road. His car uprooted two large rocks, a small willow tree and approximately 70 feet of lawn on the property of Lester B. Anderson. Mr. Bach was not hurt.

His Open Door. In the Borough, Mark H. Land, 14, 16 Slockton Street received abrasions of his right hip and head and was hurt when he was knocked off his bicycle at the intersection of his bicycle and the Witherspoon Street. Police said Mark ran into the front door of a pickup truck parked on the south side of Nassau. The impact knocked him to the traveled portion of the roadway where he was "hushed back" by a summer camp school bus operated by Anthony Borok, 54, 34 Devon Avenue, Trenton. The bus was in the process of turning left from Witherspoon onto Nassau.

Police said the driver of the parked truck, Nicholas Cifelli, 37, 137 Linden Lane, gave immediate assistance to young Land and questioned him about his injuries. According to the police report, the youth reported he was all right and after minor repairs to his bike, he rode home. He was later taken to Princeton Hospital and treated. Police made no charges.

In Hopewell Township, Putnam Silvester, 18, and his brother, Kirk, 9 of Barbary Road, were slightly hurt when Silvester's station wagon was involved in an accident on Route 546 near Scotch Road at 8 a.m. on Friday. Both were treated at Princeton Hospital for minor injuries and released. According to State Trooper Robert Golembewski of the Hobart Station, Silvester's car bumped into the rear of a second car and then traveled 100 feet before smashing into a utility pole. The other car was operated by Marvin Mandelbaum, 37, of Marlwood and Amwell Roads.

FALLS ON BROKEN BOTTLE
Roy Cuts Knee Severely Edward Volt, eight-year-old of Mr. and Mrs. R. Jack and Mrs. 214 Moore Street, cut his knee severely shortly before noon Monday, when he fell chasing butterflies near the high school tennis courts.

Police said young Volt tripped as he was running along and his right knee fell on the bottom of a broken soda bottle. He received a deep laceration, exposing the bone and muscle tissue. The First Aid Squad took him to Princeton Hospital where he underwent surgery. His condition was described as satisfactory.

L. Francis Maguire and P.D. David Forward of the Borough Police were called to the scene by the high school playground director. A Township patrol car near the Shopping center sped to the area and its occupants, P.D. Harry Kneiss and P.D. David Funk, administered emergency first aid until the ambulance arrived. "There was wonderful cooperation from everybody," said Lt. Maguire.

SEVEN ARE FINED
In Princeton Courts. Seven persons were fined last week in Borough and Township Court.

In Borough Court, Magistrate Theodore T. Tamm Jr. fined Michael Sweeney, 20, 181 North Harrison Street, and Anthony Trani, 18, 102 Trenton Road, \$10 each for walking in the roadway where sidewalks are provided. The two had been charged with standing in Nassau Street and impeding the flow of traffic. In Township Court, Magistrate S. G. Jefferson Road, paid \$15 for a late inspection violation. Backing into a building drew a \$10 fine from Edwin B. Williams, 18, 71 Clay Street.

Township Magistrate Glen B. Miller Jr. fined Robert E. Maxwell, 17, 219 Edgerstone Road, \$15 for speeding. Mrs. (Continued on Page 7)

Harriet Stanton, 218-C King Street, was fined \$25 for assaulting her husband, Clarence, and George McGowan Jr., 246 John Street, was placed on six months probation for larceny.

The Division of Motor Vehicles suspended for 30 days for speeding the licenses of Linda L. McDonough, 26, 270 Spruce Street; Stanton A. Waterman, 42, 16 Hunter Road; and Richard M. Sanna, 18, Glen Moor Farm, Hopewell. Joseph F. Vaccarino, 23, Grandview Avenue, Hopewell, lost his license for one month under the Point System.

HILTON WANTS TO BUILD
In Rocky Hill, The Planning Board of Rocky Hill is faced with a difficult decision as a result of an offer by the Hilton Realty Company of Princeton to build a 284-unit garden apartment development on 18 acres fronting on Princeton Avenue.

The development would more than double the town's present population of 238, meaning that further consideration would have to be given to expanded services, particularly schools, police protection and roads. In addition, there is the feeling that most residents of this rural community moved there because of its close-knit, country atmosphere.

On the other side of the question is the sum of approximately \$57,000 that would be collected yearly by the town for real estate taxes on the apartments. The developer also says that the units will be for "adults only," which means that the schools would not suffer any increased burden.

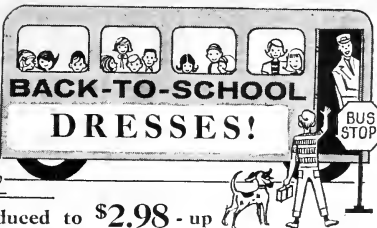

The board has decided to confer with neighboring Montgomery Township about the proposal. Several acres of land in Montgomery adjoining the Princeton Avenue tract are also owned by Hilton, and may be the site of homes or garden apartments. Should the board deny the request for the apartments, Hilton is considering a development of four-bedroom homes on one acre lot.

Paul Schay was the only board member in complete opposition to the development. Mr. Schay felt the apartments would only serve to bring in a population of transients, who would have no permanent interest in the borough, but who would be able to vote.

Several other board members said they did not like the idea, but favored further discussion and study before reaching a decision. Board member Raymond Whitlock commented the apartments might be preferable to the

one-family homes because GROUND WILL BE BROKEN added taxes brought by the Princeton University House-rooms would be depleted by increased school costs. He break ground next month for pointed out that the whole 12-story high-rise apartment problem boils down to whether building on the south end of or not the town wants the Springdale Golf Course. Six added population. —Continued on Page 8—

UNITED FUND LEADERS: The Professions Division of the United Community Fund will seek to raise a \$50,000 quota this year. Co-chairmen Fred M. Peterson of Laidlaw & Co. (left) and Leslie M. Vujan, Assistant Director of the Office of Research Administration at Princeton University, are shown with Alan Frank, treasurer of Langrock Stores, the Fund's 1965 campaign chairman.

smaller two-story units will also be constructed around its base.

Costing approximately \$2.5 million, the 50-unit apartment complex will be financed through the Federal Housing and Home Finance Agency. It will be ready for occupancy in August, 1966.

The University now approval of its request to build the structure from the Township Zoning Board last week. The building conforms to the Township's regulations concerning height, but a variance was necessary because the apartment units will not meet size regulations under Township ordinances.

The high-rise apartment will contain 50 units, designed for married graduate students without children. Each floor

will contain eight one-bedroom units costing \$95 a month. Graduate students with children will be housed in the smaller buildings, which will contain 54 two-bedroom units for \$115 monthly.

The university originally approached the Township Planning Board last spring with a plan for 500 units but the board turned them down because the units were of substandard size. The present units were enlarged to conform more closely with township ordinances for minimum floor areas, but at a total of 135 square feet, they are still below township standards. However, John Moran, director of physical planning for the university, said that this was the maximum that the Federal Housing Agency would finance.

Mr. Moran added that an entrance road from Alexander Street would provide access to the apartment site, and that graduate students would be transported by special buses to such outlying areas as the Forestry Research Laboratory in order to relieve congestion on Township roads. He commented that the University needs about 450 dwelling units for its married graduate students, but still will be about 50 short, even with the new apartments.

"MY DOCTOR..."

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician?

Even though you may have been fortunate, not requiring medical care, it is stitch-in-time wisdom to establish a "family doctor" relationship.

Simply contact the physician of your choice, requesting that you would like him to serve your family should the need arise.

And if such a need arises, the prescription department at The Thorne Pharmacy is prepared to serve you and your family.

Obituaries

Thomas M. Warwick, 48, of 136 Alexander Street died July 27 at his home after a lengthy illness.

A native of Schenectady, N.Y., Mr. Warwick was a mechanical engineer for the Ross Engineering Company of Highland Park. He was graduated from Yale University in 1942 and served in the U.S. Navy during World War II.

Survivors are two sisters, Mrs. Jane I. Criss of Princeton and Mrs. Sonia Mazowiecki of Keams.

The service will be held at 2 p.m. Friday at the Muller Funeral Home. Interment will be in St. Augustine, Fla.

Mrs. Philomina Perna, 96, 23 Canabash Place, died July 29 at her home. Born in Italy, she had lived in Princeton for the past 18 years.

Widow of Angelo Perna, she is survived by two sons, Sebastian, with whom she lived, and Camillo, also of Princeton, and two grandchildren.

Requiem high mass was held in St. Paul's Church. Interment was in St. Paul's Cemetery under direction of the Kimble Funeral Home.

Walter D. Silverman, 57, 2 Village Road, Dutch Neck, died July 29 in Princeton Hospital after a brief illness. Born in Philadelphia, Mr. Silverman had previously lived in Princeton for ten years. The son of Louise N. and the late Leo Silverman, he owned a brokerage business, W. S. & S. Realty Co., in West Windsor Township. He was formerly associated with Hill, Realty Co., and Thompson Realty Co.

In addition to his mother, he is survived by his wife, Mildred M. Silverman; one son, Michael L., a daughter, Linda; two brothers, Lewis and Arthur, of Philadelphia; and a sister, Mrs. A. Julian Ramberger, also of Philadelphia.

The service was held at the Kimble Funeral Home, with Rabbi Albert Glitsberg officiating. Interment was at the convenience of the family.

Mrs. Elizabeth P. MacDonal, 83, of Summit, died July 23 in El-Mor Nursing Home. Born in Nutley, she was a member of Calvary Episcopal Church in Summit.

Widow of Archibald W. MacDonal, she is survived by two brothers, Henry B. Prout, of Boston, Mass., and Curtis Prout of Summit; two sisters, Mrs. Pierpont V. Davis and Mrs. Paul G. Tomlinson, both of Princeton.

The service was held at the Muller Funeral Home, with interment private.

Mrs. Julia Dink, 83, died July 23 at the home of her daughter, Mrs. Cornelia Lamm, 184 Washington Street, Rocky Hill. A native of England, Mrs. Dink had lived in this area for 55 years.

Survivors are another daughter, Mrs. Antonette Krumpholtz of Edison; eight grandchildren and 17 great-grandchildren. Requiem mass was held in St. Paul's Church, with interment in the parish cemetery.

The family of the late Genevieve Burke wishes to extend their thanks for the cards, flowers, calls and other expressions of sympathy they received.

TO HOLD CONFERENCE

On Science & Religion. "Developing Unity of Science and Religion" is the topic of a week-long conference beginning Sunday at the Nassau Inn. Co-sponsors are the Religious Research Foundation of America and the National Institute of Mind Dynamics. Princetonians among several dozen speakers are: Hugh S. Taylor, president of the Woodrow Wilson Fellowship Foundation; Ansley J. Coale, director of the Office of Population Research at Princeton; and Professors Charles C. West and James N. Gray of Princeton Seminary.

Moderators of the sessions are the presidents of the two sponsoring organizations, the Rev. Franklin Loehr of Center Road, head of RRF, and Dr. Eleanor Sellers, New York, metaphysician who directs NIMD.

The conference is the first major program of the new International Council for the Developing Synthesis of Science and Religion. Scheduled for discussion are "The Confrontation of Science and Religion," "Modern Psychology and the Human Soul," "The Population Explosion Confronts Science and Religion," "Science and Faith,"

THE SQUARE

By Archimedes (Bernard) The days when one could tell at twenty paces whether a woman's hair was colored or bleached are gone—happily! New techniques and wonderful new products now allow women to have their hair tinted becomingly—and if they prefer unobtrusively. The latest new styles in tinting—as opposed to yesterday's dyes—have done away with the flat colors, blending is beautifully natural and almost harmonizing between hair and skin and hair. Also, retouching is much less a problem with the new techniques. Speaking of problems... there are few hair problems which aren't beautifully solved at TAVERNWOOD BEAUTY MANOR AND COSMETIC SHOP. Whether it be a tint, a permanent or the latest in hair styling, you can be assured of professional attention at TAVERNWOOD BEAUTY MANOR AND COSMETIC SHOP, 60 Palmer Square West, Princeton, Phone 826-3234-3983... Particular attention is given to attractive styling for the mature woman. To assure a more attractive you, all stylists are under the supervision of Archimedes... "Preferred by Princeton Women." 6 days a week plus Thursday and Friday evenings...

To Hold Union Services
Mt. Pisgah A.M.E. Church and Princeton Methodist Church begin union services on Sunday.

The Rev. Albert D. Tyson Jr. of Mt. Pisgah will give the meditation at the 10 a.m. service and assist the Rev. Dr. Leon Gibson of Princeton Methodist in the 11 a.m. service.

The August 1 and 8 services will be held at Princeton Methodist Church and student at Princeton Seminary, August 15 and 22 at Mt. Pisgah. The choir will be composed of members of both churches. Nursery care will be provided.

"Religion Advances to Meet the New Era," and "The Job Ahead for Science and Religion."

The Rev. Mr. Loehr, a graduate of Monmouth College and McCormack Theological Seminary of Chicago, became director of research for the Religious Research Foundation in 1959. The book was based on his work at RRF, a three-year experiment on seeds and seedlings, from which he developed the thesis that prayer can have a measurable effect upon the speed of seed germination and the rate and vigor of plant growth.

Grace Wittenberger, who assisted her husband in the plant study, was for ten years secretary to the late Dr. James Clark, Macalester College professor who founded the "Camp Farther Out" movement. She is featured in the book "Strange Powers of Unusual People" as "the woman who discovered 2,100 Bradley Marphys."

The conference has the endorsement of Bishop Prince A. Taylor Jr. of the Methodist Church, the Rev. Robert L. Cope of the Unitarian Church of Princeton, the Rev. F. Hugh Liddell, of St. Andrew's Presbyterian, and Dean Elmer G. Homrighausen of Princeton Seminary.

Tickets are available at the Nassau Inn; copies of the full program may be obtained from the Inn or from the Chamber of Commerce. Additional details are in the advertisement on this page.

OTHER PAPERS will run your classmate's for half-price, or free of charge. If you wish to buy more, you'll find more ads and better prices.

DEVELOPING A NODDING ACQUAINTANCE: James Garner finds romance with his roommate's fiancée, Angie Dickinson, in a scene from "The Art of Love," at the Garden through Tuesday.

News Of The THEATRES

PRINCE AND PLAYHOUSE

What's New Pussycat? (now through Tuesday) has taken two favorite subjects of the motion picture industry, sex and psychoanalysis, and ridiculed both without mercy. The result is ludicrous to some and laudatory to others.

The plot, if it can be called that, concerns a male editor (Peter O'Toole) of a fashion magazine who would like to settle down with his fiancée (Romy Schneider) but can't because he is constantly attracted to a variety of women. (Paula Prentiss, Capucine et al.) This necessitates a trip to psychiatrist Peter Sellers, who is even more neurotic than his patients.

From then on the film proceeds to include a va-

riety of amusing sequences and sight gags, ending with everybody taking part in an incredible chase through a country chateau and an auto chase outdoors. The film, one of the wackiest in years, has run the gamut of reviewers' emotions from hilarious to horrible, but it is worth risking.

THE GARDEN

The Art of Love (now through Tuesday) is one of those pleasant little nothing that fits around the screen for some 90 minutes and is gone. To be more specific, it's very light comedy supported with a couple of brassy names. James Garner and Dick Van Dyke fiddle around in Paris, one as an unsuccessful artist, the other as a hunk writer. However, Van Dyke has jumped in the river and thought to have committed suicide, his paintings sell like hotcakes. Pike Sommer and Angie Dickinson become involved and so does the plot.

It's a harmless little farce that can't really be called bad or good; just inconsequential.

TWO WORKS TO BE SUNG

By Opera Association. An evening of opera will be presented in Trenton's Columbus Park Saturday at 8:30 by the Princeton Opera Association. Admission is free.

The program will include Puccini's "Slater Angelica" and the first act of Mozart's "Così fan Tutti." "Slater Angelica" is one of a set of three one-act operas all on the theme of death.

The spiritual and maternal complications of the plot give the opera wide appeal, while the rather unusual libretto Puccini chose to use on an all female cast — makes it something of a curiosity in the repertoire. The work represents some of the composer's most lyrical and general music. "Così fan Tutti" is a light comedy, should provide a pleasant contrast on the program.

The Princeton Opera Association, now in its fourth year, has formed to give talented students and professional singers an opportunity for serious study and experience, and at the same time provide enjoyment to opera lovers in the community. Local Chicagoans, the association's artists, are in charge of the productions. Interested singers may audition for the

MUSICAL THIS WEEKEND
 At Open Air Theatre, The Theatre Arts Guild of Freehold will present "The Three Penny Opera" this Friday and Saturday at the outdoor theatre in Washington Crossing Park, N. J. Curtain rises at 8:30 p.m.
 The musical comedy by Bertolt Brecht, with music by Kurt Weill, is best known for the song "Mack the Knife." Set in London's underworld district, Bohemian, in the 19th Century, the Robin Hood-like plot depicts a bitter-sweet commentary on man's social structure. Known to its members as

IN TITLE ROLE: Warren Beringer plays "Tom Jones," curiously named, in two weeks at Bucks County Playhouse.
 TAG, The Theatre Arts Guild of Freehold is completing its fourth season. Besides scheduled performances of three major productions a year, there is an active workshop in drama, dance, music and art. Previous productions include "Once Upon a Mattress," "Gentlemen, Prefer Blondes," Anouilh's "Waiting for the Godfather," "The Grass Harp," and "Tea and Sympathy."

EXPERIMENT IS KEYNOTE
 Of Sundance Programs. The weekend schedule at the Sundance Festival of Arts, Upper Black Eddy, Pa., features avant-garde composer John Cage with pianist David Tudor on Friday, and the experimental dance group, Cunningham & Company, on Saturday. The programs begin at 9 p.m.
 Composer Cage, a prominent experimenter with new forms and electronic music, is a former student of Arnold Schoenberg and a Guggenheim Fellow. His program with David Tudor is a retrospective of his compositions for piano, prepared piano, tape recorder and whatever else might occur to him.

The Merce Cunningham and Dance Company performance on Saturday included a series of original works, "Crises," "Winterbranch," Field Dances, "Collage III" and "Cross Currents." The modern dance group was acclaimed just a year ago for its appearance at the Sadler Wells Theatre in London. John Cage is musical director, and Robert Rauschenberg is art director.
 Tickets may be reserved by calling 215-847-5303.

IT'S NEW To Us

HERE COMES THE BRIDE

Fall Wedding? Brides who are looking toward a fall wedding may talk it over right now with Elise Goupil; in fact, the sooner the better, because Miss Goupil likes two months' notice between the first arrival of bride and mother, and the Great Day itself.

What we're leading up to is the bridal service performed without fee, by Elise Goupil and her associate, Germaine. What do we mean by "service?"

Well, the plan is this: We start with an interview be-

ween Miss Goupil and the bride's mother. How big a wedding? Formal or so? What is the bride's taste in the way of style, fabric? Then, Miss Goupil interviews the bride — and, incidentally, the answers are quite different: mothers don't always know everything.

Once Miss Goupil, the bride and her mother have had preliminary talks, all three go into New York. Wedding gowns on live models are paraded before the bride. She selects the gown she likes best, and tries it on herself.

After she has chosen wedding gown and fabric, the dress is custom made to her own measurement. Heirloom lace will be incorporated into the dress, if she likes, or perhaps appliqued on its fabric.

Veils will be modeled, too. In New York, for the bride's choice. If she has still another bit of heirloom lace, Miss Goupil's girls will restore it into headpiece or veil. A bride doesn't have to have heirloom lace, of course, and Germaine can make the veil from 1965 lace just as deftly.

After choosing gown and veil, the bride will see models of bridesmaids' dresses, and these will be made in the color and fabric of the bride's choice, to the precise individual measurements of each maid. And there are final fittings, of course.

Mother? Ah, yes. She will be outfitted by Miss Goupil herself, in a dress made just for her. Color, style and fabric can be chosen from the hundreds of colors and choices available in the Goupil shop. Hat? Germaine once again.

When the bridal gown is ready, the bride may have her wedding photograph taken in it. Then she returns it to Miss Goupil's shop for a final pressing. Did you know that it takes about three hours to do a first-rate pressing job on a wedding dress? When the dress is finally delivered to the bride on the day of the wedding there isn't a wrinkle within miles.

Miss Goupil prefers to deliver gown and bridesmaids' dresses right to the church so that wedding party can dress in the vestibule. That way, nobody has a chance to sit down and make new wrinkles.

After the wedding, Miss Goupil will see that the wedding gown is cleaned and packed away for grandchild to wear 50 years from now.

Although there is no fee for this service, it is obviously not a budget matter. A bride should be prepared to pay a minimum of \$300 for her dress. And that, as the saying goes, is just a starter.

Gallery on the Right

As you enter the parking court of the Old Curiosity Shop on Route 206 near Belle Mead, you will see on your right, a small barned building standing apart from the shop itself.

This is a gallery of country reproductions: a pair of Currier and Ives snow scenes in reproductions, for example, and a splendid clipper ship in full sail.

You'll find various country scenes painted in spring or in autumn, each one just about the right size to go over a mantel, and there are even reproductions of Grandma Moses, in a series, to bring a touch of vivacity to a country living-room.

And maple, pewter and old glass, you'll find this an absorbing place to browse on a warm summer afternoon.

Drive in to the welcoming parking yard toward the big red "barn." Take home at least a piece of the Frankoma pottery, made in Sapulpa, Oklahoma, to be heat and ovenproof for New Jersey ovens. It will harmonize equally with modern or country-kitchen decor because it's a shadowy stone grey-blue and

brown that makes itself at
home in any kitchen.

For \$16, you may have a 16-
piece starter set, but the ac-
cessory pieces are even more
appealing: a good big coffee
cup, bean pot, barrel mugs, at
\$1.25 each, or big mugs with
handles, and a giant pitcher
for the coldest drinks any-
where around.

At the other extreme, a
cabinet the size of a five-
piece place setting, delicate
with tiny flowers and the tra-
ditional gold rim against
cherry wood.

The shop is partial to its milk
can lamps, hand painted by an
ingenious and with a canny eye
for country-house furnishings.
They saw one milk can painted
black with Dutch hearts and
an even handsomer one in
antiqued brown and gold, and
a third in black with a stern
eagle on its side. The lamps,
around \$24, come with natural
linen or homespun shades.

Decoy lamps, made by an
elderly craftsman with a stub-
born streak of independence
you may find lamps in stock
and you may not look just like
ducks, or just like natural,
softly rubbed wood, depending
on whether the craftsman has
painted them, or left the warm
grain of the cedar. Lamps are
about \$28, unpainted non-
lamp versions and we like these
best are \$15. Again, the shade
comes with the lamp.

The home craftsman shows
his wares again - her "wares,"
this time - in the collection of
floral wood rugs, scaled
down to a 15 inch diameter to
serve as chair seats. Smaller
ones are under lamps or tea.
They are made by women
in the southern mountains,
and mostly they are one-of-a-
kind.

Furniture to put them on?
Certainly! The Old Curiosity
Shop has pine and maple step
tables, rough-hewn Tombrade
tables from Vermont in coffee
or drab, and a prim
little barometer chest of draw-
ers with pull-out leaf and ex-
quisitely hand-painted round
drawer pulls. The wood is a
pecky fruitwood style.

With your kitchen once a-
gain in mind, Old Curiosity
produces a set of pottery
cansisters from Italy \$290 in
a creamy mottled design with
copper crowing the morning
coffee. But our favorite kiln-
chen bit is the \$4 spaghetti
bowl! Most practical thing you
ever saw.

Incidentally, trivet collec-
tions will find every kind of
trivet imaginable, and maybe

ious ivy, dig out the crabgrass

call up The Silver Shop on
Palmer Square, 924-2026
and ask for the lady who
paints watercolors of homes.
Mrs. H. Hobbelink-Kaaster
has been painting for half a
century, after some years of
training in Holland and on the
continent. She has also been
a working artist in the United
States, and maintained her
own gallery for many years in
Palm Beach.

Now she occupies her time
and talents in painting
people's homes, gardens, and
we thought the ripeness of late
summer or the color of early
fall might be a good time.
What do you think?

Mrs. Hobbelink-Kaaster
will make a watercolor for
you in any size you want, al-
though the Silver Shop sug-
gests the 18 x 24 inch as a
good standard size. The best
charge for this size is \$75,
complete with mat. You pro-
vide the frame. The whole
process takes a week.
If your garden is photogenic,
she will do that, too, and pre-
fers tastefully remove from
her watercolor the ravages of
drought. Individual flowers, if
you have some fine specimens,
and individual bird paintings,
or: possible, too.

How Referendums Turn Out.
To the Editor of Town Topics:
The July 22, 1965, issue of
TOWN'S TOPICS presented
some interesting opinions on
fluoridation. After a heated
argument with a friend of
public water supply effective
aimed at immunizing this
which might be of general
interest.

Reasons for the opposition
to fluoridation are usually
stated as follows:

1. Artificial fluoridation of
water is mass medication.
2. Fluoride is a toxic material
and should not be placed
in the drinking water.
3. Even a small amount of
fluoride can have deleterious
effects on the human being,
on goldfish, in manufacturing,
and even to lawn.

"All of these arguments are
fallacious. The trace of fluoride
placed in water can in
no sense be considered as medication
but rather as a supplement
to an element which occurs
naturally in many drinking
water supplies. Of course
fluorides are toxic when used
in excess, but so are other
commonly used compounds,
such as sodium chloride (table
salt). There has been no evidence
whatever of any toxic effect
of the traces of fluoride
which are placed in communal
water supplies on human
beings, goldfish or lawn."

The article further states:
"Nevertheless, in many communities
the plying of fluoride
in drinking water has been
vigorously opposed, and usually
when the public is asked to
contribute to the success of the
Merger County Heart-Jaycee golf
exhibition held July 18.

Particularly, the membership
thinks the community's
newspaper and radio station
which helped publicize the
event: area golf professionals
Neil McHugh, George Dittels
and Tony Midiri; Nassau Con-
over Ford and Prince Chevrolet
who purchased blocks of tickets
as part of a sales promotion
campaign; and the Princeton
University Store and Princeton
Stationers who provided ticket
sales locations.

We hope the Heart Fund
benefit increased the community's
awareness of Jaycee activities
and we look forward to continued
support for the annual Jaycee
Football Classic to be held August
28 at Palmer Stadium.

Fluoridation May Be Harmful.
To the Editor of Town Topics:
The Princeton Water Co-
pany and the Borough and Town-
ship Health Departments have
fluoridation of public water supply
effective aimed at immunizing
this done in mid-summer when a
great many people are away,
and recalls the enacting of
Prohibition in 1919, when
malions were away from home
on account of the war.

Under Mussolini the Fac-
ists in Italy forcibly adminis-
tered castor oil to their
enemies. The Nazis in Ger-
many devised the horrors of
the poison gas chamber for the
Jews. These were for selected
groups, but the modern do-
gmatists are going farther. They
include every one in their
scheme of compulsory
bribe-ment.

So, unless we can stop it,
we will all soon be subject
to inevitable medication with
an exceedingly poisonous
chemical. By whose authority
this is to be done is not
clear, and it is a serious ques-
tion what power if any has
the right to invade radically
the rights of the individual.
Certainly such an extreme vi-
olation of personal liberty,
even if imposed by a majority
of the voters, would be morally
justified only under all
of the following conditions:

1. It should be necessary
for the public welfare.
2. The certain good should
outweigh the possible harm.
3. The aim could not be ac-
complished in any less com-
pulsory way.

Let us consider whether
these requirements are met.

1. The most that is claimed
is that the water is safe to
drink.

by the fluoridors is a reduction (not prevention) of tooth decay in small children. This thoughtfully desirable is not necessary for the public welfare.
2. The possible harm is great. Medical history is full of examples of drugs first acclaimed as "wonder drugs" and freely administered for various ailments, and later discarded for limited effectiveness or dangerous side effects. Fluorine is known to be a deadly poison, as it is yet unproven that even the small quantities intended will be harmless in the long run.
3. There is a simple alternative.

...Anyone can easily treat himself (or his children) with fluoride, for example with a special tooth paste, on his own responsibility and that of his physician, without forcing the treatment on his neighbor. It is an affront to common sense to impose a treatment on all which at least can only benefit a few and at worst will injure everyone.

Fluoridation of the public water now would be an entering wedge. Who knows where it might lead. In five or ten years will we be forcing small quantities of antibiotics to make us germ-free, and with tranquilizers to make us vote for the party in power?

No doubt I will be called an enemy of progress and of the little four-year-olds who won't brush their teeth, and told that I'm to be medicated for my own good. Well, that makes it even worse. I would like to decide for myself, thank you, what is for my own good. I'm sure many people feel as I do.
SAMUEL G. FRANTZ
84 Battle Road.

To the Editor of Town Topics:
Another controversy seems to be sweeping Princeton these days. It is whether or not we should put another chemical compound, one whose exact purpose is to improve the health of the people of this community.
The problem of fluoridation has been exhaustively studied for years by the top scientists before it was put into the water supplies of any community. The thousands of dramatic reductions in the incidence of tooth decay from the fluoridation of water have yet to hear of a death, injury or illness directly attributed to a fluoride compound.
I am sure that in past years, the same arguments have been raised by people opposing chlorination of the water supply. The problem I have had was when I found swimming in a public pool for too long. This problem (irritation of eyes) was only temporary.
Perhaps it would have been better if we had a referendum, but since we aren't, let us accept fluoridation with the open-mindedness and dignity that benefits a town of this caliber.

TOWNSHIP WINS AGAIN
In Police Pistol Shoot, The Township Police Department won the Ellis-Harris Memorial Shoot on Sunday for the third straight year. The five-man team scored 1429 against the Boat & Beagle Club's 1380 and the Borough Police Department's 1360.
Ptl. Tony Pinelli of Township police tallied the high individual score with 298 out of a possible 300. The Borough's sharpshooter was Lt. Frank Maguire with 286.

The Township team also triumphed over the Borough in the competition for the Ellis-Harris Memorial trophy, scoring 1425 to the Borough's 1360. The trophy will be retained after three victories. Sunday's triumph gives the Township a second leg on the trophy.

Members of the Township were Richard V. Steiner, Lester Anderson, Tony Nini, Michael Lisi and Tony Pinelli. Competing for the Borough police were Frank Maguire, James Kopliner, Michael Carnevale, John Beelows and Bill Hunter.

Boat & Beagle team members, who hosted the event at Lake Carnegie, were Ronnie Carazzali, Frank DeMiglio, Tony Steffanelli Jr., Tony Tansini and Guy Divino Jr.

IVINS IS CHAIRMAN
Of Hightstown Fund Drive, Lawrence P. Ivins, Hightstown postmaster, has been named chairman of this year's Fund-Drive and Cross Campaign in Hightstown and East Windsor. He will be responsible for the organization of five major divisions.

The Hightstown-East Windsor quads this year is \$15,000. This does not include major research or industrial firms. In accepting the chairmanship, Mr. Ivins said "that the increased agency services to Hightstown and East Windsor are vital to community life."

BUSINESS In Princeton

THREE GROUPS COMPLETE
For Community TV Franchise. Three organizations, one headed by Herbert W. Hahler, president of the Nassau Road casting Co., are seeking a franchise for community antenna television (CATV) from Trenton. Radio station WBUD in Trenton and Crosswicks Industries are the others interested.

CATV is a system for picking up weak or distant television signals through a master antenna, mounted on a high tower, boosting those signals through electronics equipment and sending them through thin cables to the homes of individual subscribers. It is similar to a telephone line from a utility pole to a house.

The franchise permits a firm to operate the business, and gives it permission to build over and under public rights of way. There are no federal or state regulations governing CATV, except those using microwave systems to link up distant stations.

Mr. Hahler's group is represented by State Senator Sida I. Rudolf, who is also one of the principals. Another is Robert S. Sandoz, former Township mayor, who is a member of the law firm of Mason, Nease and Moore.

Mr. Hahler, who has a background of 15 years in television production, said that if his group was granted the franchise, it would bring a variety of programs into the subscribers' homes. This might include municipal meetings, cultural events such as the Trenton Symphony Orchestra, and area sports events.

"LEISURE WORLD" TOPIC
Of Chamber Meeting. Fred Lightfoot, a spokesman for the Leisure World Foundation, will address the Research and Development Committee of the Chamber of Commerce at noon Monday in the Nassau Inn.

Mr. Lightfoot will discuss Rowanwood Leisure World, the retirement community now under construction in Monroe Township, and the economic and social impact it may have on the greater Princeton area. Projected from the success of four of his similar developments, California builder Ross Corfue expects the New Jersey community may eventually have 25,000 to 30,000 residents, none under 52 years of age.

The institute will be open to members of the Research and Development Committee and guests, according to M. C. Firman, chairman. Advance reservations are required, and

Person To Person

The University of Chicago reported that there are some 2,710 different languages, living and dead, known to have been in use or in use in the world. Frederick Keller in the American Artist says, "As specialization in all areas of knowledge has been pushed to its limits, whole new languages have been born, the language of the physicist, the astronomer, the psychologist, etc. Bergen Evans adds: "Since Shakespeare's time the number of words in the English language has increased from 149,000 to 513,000. Much of this comes from elements already in the language. The main of only a few decades ago never heard of such words as atomic bombs or baby sitters or coffee breaks or living saucers, or snout, to name a few from common word adaptations. We all use an old word everyone understands. Consider our terrific BAIT-GAINS. Kammerl Buck-Pontiac Co., Route 206, opp. Princeton Airport 921-2222.

Peter D'Agostino

may be made by writing to the GPCC at 41 Palmer Square West or by calling 921-7626 not later than 10 a.m. on Monday.

D'AGOSTINO NEW PILOT
At Princeton Airport. Peter D'Agostino of Backing Ridge has joined the flying staff of the Princeton Airport, increasing to seven the number of full-time pilots is employed.

Mr. D'Agostino first learned to fly when he was 19. He became an instructor and charter pilot at 22 and at 27 joined Slick Airways. He later was employed by Linden Flight Service as an executive pilot and then rejoined Slick before coming to Princeton Aviation this month.

He holds an air transport pilot rating which means he is qualified to fly just about anything that will leave the ground. His list of ratings stretches out like a railroad, multi-engine, ground instructor, meteorology and navigation, aircraft and engine, instrument instructor, hot air balloon and flight instructor.

INTEREST RATE RAISED
At First National. The interest rate on savings accounts at the First National Bank has been increased to 4%, retroactive to July 1.

Ralph H. Mather, bank president, said that First Na-

tional took pressure in becoming the first Princeton bank to offer the rate to its depositors. He called the move "tangible evidence of our financial stability and determination to keep pace with the times."

Mr. Mather noted the national trend toward higher interest rates and the bank's intention of taking the necessary steps to keep savings accounts in the Princeton community "to stimulate the local economy further." He cited the increase as "a manifestation of the bank's confidence in the growth of the Princeton area and its intention to keep abreast of this growth."

DYNAPLEX TO BUILD
On Alexander Road. The Dynaplex Corporation, which currently has operations located in Ewing and Lawrence Townships, will erect a new, one-story plant on a six-acre site on Alexander Road in West Windsor Township. The land was purchased from Stuart L. Reed for \$30,000. The 11,000 square-foot building will be manufactured from waftable block with a front of pre-stressed concrete, partially covered with a granite facade. It will be located 150 feet back from Alexander Road with ample parking in the rear for employees and visitors.

According to Ayhan Hakimi, president of the three-and-one-half-year-old firm, less than half of the space will be used for production. The rest will be used for research and development laboratories and administrative offices.

Construction is expected to be completed this fall. The company now employs 70 but this number is expected to increase when it transfers its present operation.

NO CHANGE IN OPINION OF JOHNSON: Back from the start, Phil Cushing's opinion of President Johnson has remained the same since the latter has taken office.

Question of the Week

Question: Has your opinion for Cregar Motors: No, it's of President Johnson changed since he's taken office? I've always had a high opinion of John, son. I feel he's done a good job — a terrific job. A very good man. I also support him. Phil Cushing, 44 Laurel Avenue, Kingston, salesman in his actions in Viet Nam.

think he's doing all the best possible.
Herrington Road, housewife.
I think it's changed for the better; I have more confidence in him now than before. I feel he's doing the best job he can under the circumstances.
Robert Tate, Washington, D.C. New teacher at Valley Road. All my basic impressions remain the same. My opinion is, first, he is foremost a politician who can look at more than one side to a question. I don't think he always follows the party line. But that's the best of him. He's in the Senate and I don't intend to make any judgment on it. My opinion of him remains the same — that is to say I like some of the things he has done and not others. He's done just about what I expected. He's cleared the smoke cleared. I think he is a responsible president.

Miss Anna Carlsted, New Brunswick, apartment hunting here; graduate of Douglass. About the same, I'd say. I think he is a good politician and in that sense a good president. I think the office has to be held by a politician, someone who is moderate and someone who can compromise. I believe that is the best way to get things done. Johnson has probably accomplished as much as could be expected.

Mrs. Walter Rahm, Bordentown, housewife: It's about the same. I think he's doing the best anyone could do at the moment. It's a very difficult job, to say the least.

Robert Krauculer, Somerville, contractor: I'd say it's some up a little. We can't keep running away from the Communists. We have to face up to them sooner or later. I think you have to draw the line and say, "No farther" and this Johnson has done.

What else are you going to do? Back down and pull out? Then where are you? You have to start all over again.

I don't think the Communists would have taken over Cuba if Johnson were in there. Johnson has a lot of programs running and we have to wait and see what the results are, but at least he isn't sitting on his butt.

Martin Schwartz, Mt. Vernon, N.Y., college teacher: No, it's stayed about the same. My opinion was favorable at the time and it's still favorable. I have some questions but I think he's done an exceptional job in this area of strength which is getting legislation through Congress. Here, he's done an unusually fine job — better perhaps than that of any president I have lived under. His weak spot is international relations where I think he made a big mistake in the Dominican Republic. There are little things like our deteriorating relations with France. I don't know whether he's at fault but he's the president. The whole situation in Viet Nam is new a source of more concern than it ever was. Whose to blame? He's not. Who but, again, he's the president.

Mrs. Marvin Soffen, 85 Longview Drive, housewife: I was very concerned when he took office but I think he has done a much better job than I anticipated he would do. His problems are extremely complicated ones with no easy solutions and I think he's doing very well in handling them. I wouldn't say he's been right or wrong in any specific thing because it's almost impossible for us — the man in the street — to evaluate without fuller knowledge or more of our information is limited. Yes, I would say his performance has been higher than my original expectations.

PEOPLE In The News

John T. Ward, 58 Edgemere Avenue, Plainsboro, has been awarded a Sears Roebuck Foundation Scholarship to Rutgers University. A June graduate of Princeton High School, he plans to major in agriculture and biology.

Hoyt H. Ellis, Alexander Road, Princeton Junction, has retired from the Public Service Electric and Gas Company after 39 years of service. He had worked for the electric distribution department in the Trenton area.

A native of North Carolina, Mr. Ellis served with the Army during World War I. Before coming to Public Service, he worked in lower construction for several companies in the northeast. He had been with the line department since 1938 when he was transferred from the underground and transmission construction department.

Anna F. Kelly, Canal Road, elementary school principal at the Lavinia School in New Brunswick, was among 54 participants in the professional education workshop held at Princeton University. The summer session of Rutgers University, Mrs. Kelly took part in an intensive three-week program covering teaching practices and techniques which will help students to

clarify their personal values and evaluate their behavior patterns.

Charles E. Lawton, 37 Lumar Road, Nassau Estates, has been elected a vice-president of the New York Chapter of the National Association of Accountants. A graduate of Rider College, Mr. Lawton is affiliated with the Port of New York Authority as an Airplane Lease accounting specialist. He served the Association in its various capacities prior to his election as vice-president.

Samuel S. Mintz of 35 Forester Drive, chief psychologist at the Orthogenic Hotel near Philadelphia, has been assigned by the Israeli government to develop a series of clinics for disturbed children. He will also hold a fellowship at the University of Tel Aviv Medical School.

Mr. and Mrs. Mintz left Wednesday for a three-year stay in Israel. Mrs. Mintz is a former editor at Van Nostrand Co., Inc.

Lisa Fairman, Rosedale Lane, has been named Mercer County Chairman of Young Democrats for 1966. The daughter of R. Kenneth Fairman, former Republican Mayor of Princeton Township and Mrs. Fairman, she is currently a research assistant at Princeton University. Miss Fairman's former parental activities include the chairmanship of the Students for a Democratic organization at Yassar College and the vice-presidency of college's Young Democrats.

Three Princeton residents on the faculty of Rider College have received promotions. Dr. Gerald Kent, 224 Clover Lane, graduate of Upsala College, was advanced to a full professor in the Chemistry Department. Dr. John French, Jr., 10 Mercer Street, was raised to associate professor. A member of the Modern Languages Department, he has degrees from Williams, Columbia, and Princeton.

Dr. Loy M. Yail, Lakeside Apartments, a member of Rider's philosophy department, was elevated to assistant professor. He holds degrees from the College of Idaho and Yale.

Miss Myrtle Hemor and Miss Alice Braverman, members of the Princeton Business and professional Women's Club, are attending the national convention of the organization in Washington, D. C. Members from 3,700 local clubs in 53 state federations are present.

Captain William T. Wetzel, son of Lieutenant General and Mrs. Emory S. Wetzel, 11 Green Avenue, Lawrenceville, has arrived for duty at Glasgow AFB, Mont. A West Point graduate and a B-52 aircraft commander, Captain Wetzel previously served at Lockbourne AFB, O.

Samuel H. Black, a member of the faculty at the Lawrenceville School, is among 50 participants in the History Institute for secondary school teachers of American history now in progress at the Summer Session of Rutgers University. The six-week institute is designed to increase the competency of teaching recent American History from about 1890 to the present.

DUNHAM REPEATS
As Men's Singles Champion, Alden Dunham, Director of Admission at Princeton University, retained his singles tennis championship Friday when he defeated Howard Cooley in three sets at the University Courts, 6-1, 4-6, 6-4. Dunham won the title last year when he defeated former champion Ellis Dimpel.

The defending champion started inauspiciously, as he permitted Cooley to break through his service in the very first game. Then he settled down. With a variety of painting shots, drop shots and lobs he raced through the next six games.

Cooley, a member of the University of Pennsylvania tennis team and the second-ranked college squash player in the country, regained control of his game in the second set but once again was unable to contain his older opponent in the third and decisive set.

In semi-final matches, Cooley defeated Dimpel, one of last year's finalists, 6-4, 6-3. Dunham needed three sets in defeating Matt Lind Jones, 6-3, 7-5, 6-3.

The men's doubles is now in progress. Registration for the final summer tournament, women's doubles—all sponsored by the Princeton YMCA—ends Friday.

BASKETBALL GAMES SET
Tigers Will Play 23 Times
A four-game holiday schedule and an attempt to win its sixth Ivy championship in the last seven years will highlight Princeton's basketball season next winter. The Tigers will face 23 opponents, but only ten of them in Dillon Gym.

The schedule opens again Saturday, December 4. Villanova and Rutgers are other teams to come here before Illinois of the Big Ten is played at Chicago on the 18th.

Coach Bill van Pelt Koltz will take his team to Greensboro, N. C., for a game with North Carolina two days after Christmas. On the 28th and 29th, the Tigers will play in the Charlotte Hotel Tournament in which Davidson, Navy and Mississippi State round out the entries.

MEN'S SINGLES FINALISTS: Finalists in the men's singles tennis championship match, Alden Dunham (left) and Howard Cooley shake hands before the start of the match. Dunham won, 6-1, 4-6, 6-4. (Staff Photo)

The Ivy League schedule is the 12 and under doubles title, defeating Christine Argudas former partner, with Dartmouth and Harvard — traditional February opponents — in the final. She was also runner-up in the singles, losing to Donna Stockton of Gardner in the final, 6-3, 6-3.

The 1966 season has a particularly tough finish — games away against Cornell, Columbia and Penn.

The complete schedule: Dec. 1, Lafayette at Easton; 4, Army; 7, Villanova; 11, Navy at Annapolis; 13, Rutgers; 16, Illinois at Greensboro; 28, Charlotte Holiday Tournament. Jan. 7, Yale at New Haven; 8, Brown at Providence; 14, Dartmouth; 15, Harvard; 29, Pennsylvania.

Feb. 4, Harvard at Cambridge; 5, Dartmouth at Hanover; 11, Brown; 12, Yale; 18, Cornell; 19, Columbia; 25, Cornell at Ithaca; 26, Columbia at New York.

Mar. 1, Pennsylvania at Philadelphia.

Another Aquatech Exclusive
AUTOMATIC POOL MAINTENANCE

Two new developments eliminate 90% of the time and effort spent in keeping pools sparkling clean and clear for healthy, carefree swimming.

AUTOMATIC POOL CLEANING

All new Aquatech Pools now feature the No-Vac system that replaces manual vacuum cleaning by keeping sediment in motion and directing it toward the central filter. It is carried to the filter and removed. Only Aquatech has No-Vac.

AUTOMATIC WATER TREATMENT

Aquatech's new Di-Halo brominator is a guaranteed system of automatic chemical feed that eliminates hit-or-miss hand-fed methods. It keeps pool water constantly up to test without eye irritation, odor or taste.

With automatic vacuum cleaning and a guaranteed system of chemical feed you can enjoy a completely carefree pool. This is push-button pool care—rest assured by Aquatech.

For a lifetime of enjoyment consult on Aquatech representative—without obligation.

Aquatech Standards meet all local and state engineering requirements.

four bidders, and Jeff Lowe, Jim Case and Bob Campbell, all had two bids in four trips. Alfie Coraso and Fred Trangle had two hits apiece for the losers.

Conover racked up a couple of easy victories, with a 10 to 4 win over the First National Bank, followed by a 13 to 5 drubbing of Cenerino's. In the first contest, Bruce Sandrick went four for four including a run, Joe Toto two for three, Tom Johnson two for four and Russ Perone three for four with a round tripper. Jim Quinn and Frank Nini both had two hits, and Bill Richardson blasted a triple for the Bank.

Against Cenerino's, Sandrick again hit a home run and Dave Cromwell picked up a double and a triple. Edgar

The Bank won its first game of the season, defeating the Shopping Center, 10 to 3. Richardson, Quinn and Nini contributed two hits each and John Hoff got three. Ray Cranton had four hits in four trips for the losers, and Doug Watson and Buddy Fowler both had three-base hits.

The Harrison Athletic Club had a rather rough week, losing 12 to 4 to Cenerino's the first night, and dropping a 6 to 2 decision to Nini Pymount the next.

Cenerino's pounded out 17 hits in its victory with Floyd Phox picking up four of them and scoring four runs, and Fisher, Lloyd Banks and John Young all

Just 15 miles from Princeton.
Mercerville off Rt. 53, Quaker bridge Rd.

Stevenson of Princeton reached the semi-finals in both the girls singles and doubles. In the singles they lost to finalists Josephine Duddy of Germantown, Pa., and Steffie Wright of Merion Pa. In the doubles they were beaten by Lindsey Hicks of Lawrenceville and Pat Scheuerman of Yardley, 7-5, 6-3.
The girl's 12 and under consolation had all-Princeton semi-finals, with Barbara Reeder vs. Beth Rimalover, and Stephen Shoenmaker vs. Chessey Hill. Chessey was the eventual winner with a 6-3, 6-3 victory over Beth.

Three Princeton players reached the semi-finals in the boys 12 and under consolation. David Cagham, Kevin McCarthy and Michael Glonevitch. Michael won first place honors after a three and a half hour match with Kevin, 9-7, 2-6, 9-7. Michael and Robbie Raker of Princeton reached the semi-finals of the boys 12 and under doubles, but were defeated by Lou Weiss of New York and Robbie Roberts of Philadelphia, 6-0, 6-1. Robbie and Lou lost to John Elder of Allentown, Pa. and Jake Curtis of Bethlehem, Pa., 6-1, 6-2, in the doubles final. Lou, a left-hander, had injured his right arm a night before, but rather than default, he played the match with his right hand, which it was later learned, had been withered by polio earlier in his childhood. His partner, Robbie, covered most of the court for him, and their opponents tried to direct their shots to Robbie rather than Lou.

Three Princeton boys reached the semi-finals of the 16 and under consolation: Richard Hill, Mark Peterson and Mark O'Donoghue. Mark gained the finals, but was eliminated by Dick Powell of Levittown, 6-1, 6-4.

CONOVER WINS TWO
Moves into Tie For Second. Nathan Conover, 14 to 13, in his first game, including one over Cenerino's, to move into a second place tie in the All Star Softball League. Rocky Hill was unbeatable in his two encounters, and secured a certain bet to finish the season in first place with only four games remaining.

The league-leaders blasted Nini Pymount, 14 to 2, in their first game, and walked the Post Office, 14 to 5, the following evening. Against the Post Office, George Smith and George McVaugh both had

In the other game, the Post Office handed the Shopping Center its second loss of the week, 13 to 8. James Brown went four for four, Bill Clark, two for four, Tracieler, three for four, and Harry Morton had a double and a triple for the Post Office. John W. Patrick, Jerry Perpetua, and Bill Bartolino had two hits apiece for the Shopping Center, and Frank Cavley hit a four-bagger.

ELKS NINE ON TOP

In PBA League, The Elks Club and the Eagles both won two games last week in the PBA League. The Elks outlasted Hook and Ladder, 13-11. Against Jack Petrone's grand slam for the losers, and then trounced Post 76, 26-4. Jimmy Miller and Jeff Mordecai homered in the rout for the Elks.

Scoring 11 runs in both games, the Eagles topped the Sportsmen's Club, 11-5, and Hook & Ladder, 11-4. Against the Sportsmen, John Weber and Robby Fairweather each went two for two for the Eagles. In the other game, Henry Perina had two hits, while Jack Petrone had two for the losers.

Willie Rassa pitched a two-hitter and hit his ninth home run to lead the Lions to a 9-5 triumph over Engine No. 1.

Bradley to Play Again

Bill Bradley's legion of basketball fans, who thought his career had ended with the NCAA finals last March, can at least read about his participation in several more games next month.

The Tigers' three-time All-American will be a member of the first United States team to seek the championship of the World University Games. They will be staged in Budapest, Hungary, from August 20 to 28, with Brazil as the defending champion and Russia among the entries.

The touring U.S. team will also play exhibition games in Helsinki, Stockholm and Prague before the tournament begins. Among those chosen for the team in addition to Bradley are Fred Heltz of Davidson, Bill Cunningham of North Carolina, the Van Arsdale twins of Indiana, Joe Ellis and Otis Johnson of San Francisco, and Henry Finkel of Dayton.

Rich Massee, Bill Skillman and Mark Anderson homered in Engine No. 1's 2-0 massacre of the Sportsmen; and Engine No. 3 tied Post 76, 8-8, and Engine No. 13-13. Both will be replayed.

MATTHEWS TOP BOWERS

As Sutton Hurl's Two-Hitter. The major surprise in action last week in the YMCA Junior Baseball League was Matthews' 6-2 upset win over Bowers. Previously, Matthews had not won a game nor had Bowers lost.

Dean Sutton was "too" good for the leaders. He limited them to two hits, striking out seven, and had two hits in two at bats. Leighton Newlin also connected for two hits for the victors, while Dick Embley smashed a triple.

Earlier in the week, Bowers had won his sixth this season, a 5-2 triumph over Water Company. The turning point occurred in the sixth frame when Bowers issued three runs on two hits and a pair of errors. Arnold Minnaul and Buzz Rosen of Bowers each hit triples. Bob McCloskey got the win with Lloyd Stevenson taking the loss.

Nassau Oil won two to tie to second place, two points ahead of Water Company. Nassau defeated its rival for the number two slot, 12-3, Friday, starting strong with a five-run first inning. Bill Walstad's triple was one of the more potent blows that enabled Carmelo Mauro to kick up the win.

On Tuesday, Nassau Oil pounded Matthews into submission. Bruce Campbell had a perfect night at the plate in three trips, while Hal Logan was almost as effective, going two for three. Tim Hagb connected for a three-bagger, and Billy Brooks had a double. Tim Rollins was the winning pitcher.

The standings:

	W.	L.	T.	Pct.
Bowers	6	1	1	.34
Nassau Oil	4	3	1	.26
Water Co.	4	4	0	.24

NAVY TEAM RALLIES

For Lacrosse Win. Trailers 4 to 1 early in the contest. Navy came from behind to nip the Blue team, 6-5 last week for its second victory in the Princeton Summer Lacrosse League. In another game, the Green team upended the Reds, 4-1.

Barry Sullivan paced the Navy resurgence with three goals. Pete Smith added two more and Mark Solovay, one. For the losers, single rallies were recorded by Jim Jaeger, Carl Burns, Dave Lerie, Bruce Chase, and Phil Farnum. Burns also had two assists.

Phil Allen, the league's leading scorer, personally wrecked the Red team by scoring three goals. Ray Solovain added the fourth.

To date, Navy and Green have each won two and lost one, while Blue and Red have 1-2 records. After three games the top six scorers are Phil Allen of Princeton University with nine points on eight goals; one assist; Barry Sullivan of Bucknell and Pete Smith of Hobart, both tied with six goals and one assist for seven points; Dave Lerie of Hun six points, three goals and three assists; Carl Burns of PHS, five points, two goals; three assists; and Bruce Chase of Princeton University, four points, four goals.

THERE'S STILL ROOM

At Giant-Eagle Classic. There are still some 20,000 seats for the annual Jaycee Football Classic between the New York Giants and the Philadelphia Eagles according to general chairman Richard W. Glenn of Hoptwell. This year's game will be held August 28 at 2 in Palmer Stadium.

For many, it will provide the only chance to see the Giants "live." This year, for the first time, the Giants have a subscription sellout for every seat for some time. There will be no individual ticket sales.

Almost in the same happy situation are the Eagles who have already sold more than 50,000 season seats to their home game. The Eagles have scheduled only one pre-season contest in Philadelphia, while

ERC WINS AGAIN
Remains Three in Front.
Engineering Research took its tenth game of the season last week, maintaining a three-game lead in the eastern division of the Business Softball League. RCA 1 and Accelerator 10th win, and continued in a tie for first in the western division.
A home run by Don Machutak in the bottom of the tenth inning broke up a 2-5 tie between ERC and McGraw-Hill Office, resulting in a 6 to 5 win for ERC. Led by Tom Wood's three for four and hits by Ralph Pirone and John Simons, the Office boys led until the sixth inning when ERC tied it up. Bob Easton had three for five and Ed Paulsen two for three for ERC, as Don Musinski pitched scoreless ball from the fourth inning on to gain credit for the win.

Jack Bartow pitched a six-hitter to help Accelerator win over Educational Testing, 5 to 3. John McEadden, Rick Nielson and John Reagor all had two for three for the winners. Carl Schuler slammed a four bagger. Hits by Tony Greenwald, Norm Brown and Guy Nielson put ETS ahead temporarily in the second inning.
RCA 1, aided by a seven-run fourth inning, had little trouble disposing of Hopewell TV, 19 to 2. Wally Belchert, Ed Lopatin, Bob Nielson, and Steve Conner all had two hits in four trips for RCA, and Bob Ariet went two for two with RBIs. Bob Hunt picked up to hits for Hopewell TV.

McGraw-Hill Warhouse overcame a four run deficit and knocked off Columbian Carbon, 7 to 4, thereby claiming sole possession of second place in the eastern division. Ed Doy was the winning pitcher, allowing eight hits. Losing pitcher Don Walts gave up only seven hits, but was hurt by two errors.
Joe Wlasek's two home runs and six RBIs paced RCA 2 to an 11 to 9 victory over American Cyanamid. Doug Bosomworth had three hits, and Mel Sanders was the winning pitcher in his far from unimpressive appearance of the season.

The RCA Astro game with Union Research and the one scheduled to be played this past Tuesday have been rescheduled for August, because of a plant shutdown at RCA Astro for vacation. The ETS-ERC game is still unsettled because of the extra inning played by ERC last week. It is hoped that the game can be played after the regularly scheduled contest next Tuesday.

GORGEOUS . . . on a command-
ing bluff, yet screened from view
by the dense foliage of thick
woods, when you are stretched at
ease in the patio it seems as if
you were on a wooded hill in some
vacation spot. But you'll be in
the Township, although downtown
Princeton is only 3 minutes away.
This fine property is designed for
people who like to enjoy life in
great style — the house sprawls
informally around its large terrace
and the swimming pool, yet
the brick front is conservative and
dignified and very, very aloof.
Indeed, the rooms are spacious
and airy, and thoughtful attention
has been devoted to all the archi-
tectural niceties which make living
in a perfect house so infinitely en-
joyable. Five bedrooms, 4 baths. If
you are determined to have a
beautiful home in Princeton, where
you can live in luxury, play with
our ever being aware that there
are neighbors, and entertain like
a star — well, the quest will very
likely end as soon as you glimpse
this gorgeous place surrounded by
its own magnificent trees.

MERCER ROAD . . . Slightly old
Victorian home with very large
rooms, high ceilings, 7 bedrooms,
4 1/2 baths, magnificent trees and
shrubs. Ideal for the family whose
entertaining needs require a large
formal dining space that this gra-
cious old mansion offers.
(Sale Agent) \$79,500

Many fine homes in Princeton and vicinity in every price range.

FOR GRACIOUS LIVING

PRINCETON VIEW ESTATES, a new community of fine homes, invites you to inspect the houses presently under construction. This is the most desirable site one can imagine — located only a few minutes drive from Princeton, the gently rolling countryside providing a marvelous view and bordering on one of the loveliest country clubs in central New Jersey.

NOW UNDER CONSTRUCTION is a beautiful, 2-story, L-shaped country Colonial that is graciously designed and ideally located on a high rolling lot overlooking the country club. It offers spacious living with four large bedrooms, dressing alone two fully tiled baths and a sewing room on the second floor. The first floor features a lovely recessed double door entry opening to a large foyer with a flagstone floor and eight long feet of closet space. There is a 23' long living room with a large fireplace; dining room; kitchen; a wonderful paneled family room with hand hewn beamed ceiling, fireplace and a barbecue pit; dressing room next to the 3 1/2 bath; laundry room; two car garage and a full basement. All this on a 1.4 acre plus with a sweeping view. \$46,500

DIRECTIONS: Take Route 206 north from Princeton to the traffic light at the intersection of Route 518. Turn left, go 1 1/4 miles to Pine Grove Drive and turn left into Princeton View Estates.

Representative on the premises all day Saturday and Sunday, and can be reached daily from 8 AM to 6 PM at 609-448-4300.

The Thorne Pharmacy

What Goes Into the Price of Your Prescription?

Most people will agree that the price paid for any product rightly includes the cost of materials and the cost of labor.

This is true of prescriptions. The price you pay for your medicine includes the cost of the "materials" (the drugs) and the cost of "labor" (the pharmacist's service). The latter reflects the fact that the pharmacist's expert knowledge and professional training are essential in transforming your physician's prescription into a health-giving medicine.

Today, a pharmacist attends pharmacy college for a minimum of 5 years. It has been estimated that he spends more than 10,000 hours receiving his professional training, not to mention a long period of apprenticeship following graduation. Finally, he must pass a rigorous state examination before he is licensed. With this superior professional background, the modern pharmacist is uniquely qualified to protect your health through his professional knowledge.

Your prescription means much more to the pharmacist than a piece of paper. He has studied many years to provide you with the best pharmaceutical service, and you can be certain that, when you hand him a prescription, he focuses all his professional knowledge on it.
